LAW FORUM
Careful personnel records clear hospital of discrimination charges; new trial ordered for radiologist using experimental technique; court calls housing code that would evict sisters unconstitutionally restrictive. Regan. Ja 70
Statute of limitations cannot be used to conceal facts: contract MD needs periodically updated employment agreements; civil rights aspects of hospital's personnel policies require legal analysis. Regan. F 62
Defense of hospital's emergency suspension of MD requires thorough documentation; plaintiffs must sue within two years after learning of alleged negligence; another part B Medicare case shows MDs should clarify fees and billing. Regan. Mr 86
Hospital challenged commission's improper CON criteria; staff physicians required to use hospital's CAT scanner, not competitor's; hospital-physician tax-saving agreements are not safe from IRS attack. Regan. Ap 84
Management has right to inform employees on union issues; supervisors not liable for errors of adequately prepared staff; manufacturers must warn users of potentially defective inventory. Regan. My 84
Hospital's alleged noncompliance with Hill-Burton no defense in collection suit; contract protected hospital from liability for physician's negligence; policy limiting husbands' presence during childbirth would reduce chances of emotional stress suits. Regan. Je 68
Makers' and users' liability for risky drug hinges on adequacy of warning procedure; safeguards at construction site protect hospital from liability; involuntarily committed patient has 1st amendment right to refuse drug. Regan. Jl 28
Medical testimony essential in negligence, informed consent appeal; alleged negligence no defense in refusal to pay hospital; hospital, physicians not liable for failing to perform lab test. Regan. Ag 70
Physician's defamatory statement against colleague not privileged; "no strike" clause in union contract enforced; hospital required to award construction to lowest bidder. Regan. S 69
Hospital not required to suffer substantial loss to comply with CON rule; surgical consent agreement no bar to malpractice suit; court upholds letter of the law in land-use case. Regan. O 72
Clear delineation of hospital security measures

essential; court sets criteria for confidentiality of medical committee reports; MD who is temporary employee lacks due process rights. Regan. N 78
Adequate medical record necessary for informed verdict in negligence case; educational loans to employees require formal agreement; self-inflicted "accidents" not covered by workmen's compensation. Regan. D 36

LAW NEWS
Court seeks definition of terms in rate-setting controversy; PA supreme court rules state's malpractice act constitutional; appeals court adopts U.S. Supreme Court's union solicitation stance. Ja 18
Hospital must guarantee Medicaid patients access to eye care; Oral Roberts University denied CON for hospital; NJ district court holds mental patients can refuse treatment; tenth circuit seeks clarification of NLRB solicitation stance. F 12
NLRB reaffirms its bargaining unit determinations; denial of hospital's CON application reversed; state action allegations dismissed. Mr 24
Hospital's malpractice insurance requirement upheld; Missouri's medical malpractice review statute struck down; NLRB dismisses petition for units of physicians; nonprofit shared laundry service ruled tax exempt. Ap 20
Hospital's union election tactics held illegal; solicitation bans to be judged by each hospital's circumstances; health planning agency decision held exempt from antitrust laws. My 8
Appellate court reverses NLRB position on house staff; cost reports may be aggregated to satisfy PRRB; state health board defines Medicare patients' equal access. Je 24
Exclusive unit of hospital plant operators upheld; unusual situation allows clinic's withdrawal from election agreement; removal of respirator from comatose minor approved. Jl 19
Supreme Court defines hospital solicitation areas; courts rule on physicians' due process rights; joint nursing education costs allowable under Medicare. Ag 21
NLRB must consider all evidence on collective bargaining units; release of Medicare costs upheld under Freedom of Information Act; no conspiracy seen in publishing society's relative value guides; HCFA says collective bargaining costs reimbursable. S 36
State conscience law upheld in nurse's refusal to participate; court allows hospital's requiring AMA-approved residency; hospital's objection to change in union affiliation denied. O 19
NLRB ordered to reconsider designated bargaining unit; union-disseminated literature invalidates nurses' election; court overturns Medi-Cal reimbursement policy. N 25
NLRB general counsel issues new union solicitation guidelines; NLRB orders Catholic medical center to bargain with union. D 20
